

Career Coaching Programme for IOs/NGOs

A message from the Founder - Wiola Stasieluk

I created IO Ready after years of trial and error, attempts and failures, until I got 'IN' and started understanding how getting a job in international organisations ACTUALLY looks like.

After I worked at the EU, UN, OECD, I realised that the information about the recruitment and employment at IOs was inaccurate! I was shocked to realise that the world of IOs has its own internal processes, unspoken, political, hidden, that candidates do not know about....

I became determined to bring this knowledge to make sure that everyone has an equal chance of getting their dream job in IOs/NGO!

That's when I decided to build up my career coaching programme for international organisations. In each session, I combine sharing my knowledge and examples from my own experiences from working at the EU, UN and the OECD and give you exercises to reflect/practice the skills that we have discussed in a session.

Overview

The career coaching programme is designed to equip individuals with the knowledge and skills needed and expertise to secure jobs in international organisations (IOs) and non-governmental organisations (NGOs). The programme combines online courses with numerous exercises and live coaching sessions with the expert.

Programme Structure:

5 sessions in total each a building block for the next

- **Your Career Goals**

Identify career path, research IOs/NGOs, create a concrete career plan.

- **Your Skills**

Analyse existing skills, identify skills to develop, create a skills development plan.

- **Your Networking**

Improve networking skills, build a network, establish a reputation in IOs/NGOs.

- **Your Job Application**

Craft CV and motivation letter, review from recruiter's perspective, implement lessons and receive feedback.

- **Your Strategy**

Understand job market, develop career strategies, explore job sources, and undergo a recruitment process simulation.

Career Coaching Programme for IOs/NGOs
